

“I purchased a house in Jupiter two years ago which had a good sized grass backyard. I really wanted to turn the back into a beautiful pool area. I developed a plan and bid it to three contractors. George Arp from Seacoast Pools won the bid and did a wonderful job for a fair price and accomplished it on time so I could enjoy it for my first season. I also could not say enough about their monthly service...cleaning and water balance. I highly recommend Seacoast Pools.”
